POWDERY RE-ELECTED.

THE GRAND MASTER WORKMAN TO
SERVE TWO YEARS MORE.

He is Elected Without Opposition, the
Rules Being Suspended for That Pur-
pose—Grand Worthy Foreman Griffith
also Re-Elected—The Proceedings.

TERRENCE V. POWDERLY.

RICHMOND, Va., Oct. 14.—Mr. Powderly
to-day made his appearance at the room
where he has been giving out information
for the press, so much more promptly after
the morning's session, and there was such an
atmosphere of pleasantness about his manner,
that he was asked what had happened. "I
have been re-elected," was his reply. His
announcement was hailed with delight by
the correspondents and other writers present,
it being taken as indicative of more atten-
tion from the grand master workman, and
possibly a more liberal flow of news. Mr.
Powderly very briefly related the proceed-
ings of the morning.

The only part of the session was consumed
in their adoption of amendments to the con-
stitution and a great deal of work was ac-
complished. Finally a motion prevailed
that the rules be suspended with a view to
proceeding with the election of officers. It
requires a two-thirds vote to do this and the
roll had to be called. As there were 612 de-
legates present, the procedure was slow, when
finally the roll was completed, and the rules
were suspended, Grand Master Workman
Powderly and Grand Worthy Foreman Griffith
were re-elected without opposition, and the
convention adjourned until 2 o'clock.

In the afternoon work upon the constitu-
tion was proceeded with, and it is the gen-
eral belief that all of the officers will be
elected this week.

Among the amendments to the constitution
adopted was one which extends from one to
two years the tenure of all officers excepting
those of the co-operative board, which will re-
main as they are. So Mr. Powderly will be
the guiding star of the Knights of Labor for
at least another two years. As anticipated
in the United Press dispatches during the
past twenty-four hours it is becoming more
and more apparent daily that it will be wis-
dom to finish the work of the convention and
adjourn at the earliest day possible so as to
preserve the best feeling.

The debates are growing heated, and more
than a judicious amount of personalities are
indulged in. It is now known that active
canvassers by candidates for offices have
been in progress for several days, and that
the rivalry has engendered a feeling which
will not be beneficial to the order. Quite a
number of delegates will leave the city to-
morrow evening, and it is not altogether im-
probable that final adjournment will be
reached by Saturday evening. The election
of officers is being forced, and that, together
with some amendments to the constitution,
practically agreed upon, has held the dele-
gates together.

IRISH NATIONAL LEAGUE.

A Stormy Meeting of the Municipal Coun-
cil in New York.

NEW YORK, Oct. 14.—The municipal coun-
cil of the Irish National league met last
night. It had been published that on October
3 branch 139, at a meeting, had expressed a
decided disinclination to comply with Mr.
Parnell's letter and President Fitzgerald's
circular asking for help for the evicted ten-
antry, and that some of the members had in-
timated a decided preference for the use of
more vigorous measures than Mr. Parnell
has championed. For this a resolution was
introduced in the council the night before
condemning the branch for such revolutionary
sentiments, and withdrawing its charter. This
provoked a hot debate, and more than
one member declared that Parnell was too
slow, and that it would be better to use the
money to prevent eviction by force, rather
than use it merely to support longer the vic-
tims of English tyranny.

Mr. Dyer said it was just as well for one
branch to drop the cloak of hypocrisy and
come out boldly in favor of dynamite but
President Delaney promptly sat down on
him. After an exceedingly acrimonious de-
bate the whole matter was laid on the table
and the council passed a resolution calling
for contributions to the eviction fund. One
of the amenities indulged in during the even-
ing was a reference to Mr. Fitzgerald, pre-
sident of the national organization, as one who
had "Got his office, the devil knows how,"
and the dispute was carried on for some time
after the meeting had adjourned. President
Delaney finally got the members out of the
hall, but on the stairway two of them came
to blows.

A Lunatic With a Chestnut Bell.

EATONTOWN, Ga., Oct. 14.—Dr. Bellamy,
formerly of New York City, was arrested
last night, by the ringing of a chestnut bell
during the service at the Methodist church.
He was discharged from the lunatic asylum
one week ago, and will probably have to go
back.

A Small Blaze.

NEW HAVEN, Conn., Oct. 14.—A fire in
the warehouse of J. C. Hubinger & Co.,
caused a loss of \$8,000; fully insured.

WESTERN UNION TELEGRAPH.

Meeting of the Stockholders and the
Company's Financial Condition.

NEW YORK, Oct. 14.—The regular annual
meeting of stockholders of the Western Union
Telegraph company, was held at the com-
pany's offices in the Western Union building
at 12:30 p. m. to-day. Samuel Sloan acted as
chairman. The old board of directors was
re-elected with the exception of the follow-
ing: John G. Moore, Henry B. Hyde and
Austin Corbin in place of Harrison Durkee,
deceased; Frank Work and Hugh J. Jewett.
The statement of the president to the stock-
holders showed: Revenues, \$16,298,839, a de-
crease from last year of \$1,408,195; expenses,
\$12,178,793, an increase of \$372,873; profits,
\$3,919,856, a decrease of \$1,740,069. The pro-
fits were expended as follows: For dividends,
\$5,399,573, a decrease of \$1,599,752; for inter-
est, \$434,461, a decrease of \$612; and for
sinking funds of \$59,991. The expenses for
the year were: For operating, \$8,510,689, a
decrease of \$84,896; for rentals and leased
lines, \$1,892,947, an increase of \$69,894; for
maintenance and reconstruction, \$1,273,124,
an increase of \$126,233; for taxes, \$499,592,
an increase of \$197,460; for equipment of
offices on wires, \$203,061, an increase of
\$12,851.

The report says while the volume of traffic
has continued to increase, the tables show a
material reduction in revenues principally in
the cable, gold and stock and commercial
news earnings. Notwithstanding continued
reduction in rates, the earnings from leased
lines service have been well maintained. The
falling off in earnings from messages trans-
mitted over the land lines being less than the
increase from wire rentals. There has also
been a falling off in the revenue from divi-
dends on stocks held by this company in tele-
phone and other companies. The tables show
an increase of 1,195,234 in the number of
messages sent and the increase of messages
sent on rented wires, of which no account
must be taken, must have been several mil-
lions more.

The average rate for messages sent over
the land lines operated by the company has
been reduced to 20-10 cents per message,
while the average cost pertaining to the con-
duct of the business of the company in the
transmission and delivery of messages is re-
duced to a fraction under 20 cents per mes-
sage, showing a reduction in the receipts of
12-10 cents per message and a reduction in
the cost of handling messages precisely the
same. Of the increase of \$373,000 in ex-
penses as compared with the previous year,
\$128,000 was in the item of taxes, \$70,000 in
the line of rentals and the remainder almost
entirely in cable repairs.

The report concludes as follows: "The out-
look for the ensuing year is better. In the
face of active and extended competition and
further reduced rates, the earnings are well
maintained. The early moving of the grain
crop made an active business in July and
August, and the weekly returns from tele-
graph offices showed a large increase over those of
corresponding weeks of the previous year is
still exhibited. It has been demonstrated
that, with two or more competitors reaching
all the principal commercial centers east of
the Rocky mountains, and with some of the
rates cut below the cost of the service, the
company still maintains an earning capacity
equal to more than 4 per cent on its capital
stock above fixed charges."

New Evidence Discovered.

NEW YORK, Oct. 14.—It is understood that
new evidence has been secured about the re-
lations to the Broadway steal of ex-Treasurer
Kerr and ex-President Foshay, of the Broad-
way & Seventh avenue railroad, Jake Sharp
and at least one legal adviser of one of them,
which, if it has not yet been presented to the
grand jury, is soon to be presented. The
testimony of several of these men before the
senate investigating committee has been re-
viewed in the light of recent disclosures, and
Inspector Byrnes thinks he has got pretty
nearly enough. It is likely that nothing will
be done until all the men to be arrested are
in town at the same time.

Trouble Over the Sale of a Mill.

CHILLICOTHE, O., Oct. 14.—The Ingham,
Mills & Company paper mill, sold a partition
here, was knocked off by Auctioneer Mick to
the Messrs. Ingham for \$54,100. A stranger
claiming to represent D. Richardson & Co.,
of Baltimore, put in a bid above this fifty
dollars, but the auctioneer refused to take
the bid unless the bidder would first satisfy
him as to his responsibility. This the stranger
did not do and the property was knocked off
to the Messrs. Ingham. Mr. Mills now re-
fuses to make a deed because the highest bid
was not taken.

A Plague Stricken Vessel.

NEW ORLEANS, Oct. 14.—Investigation
shows that the bark Montreal, from Colon,
had a terrible experience, all of the crew be-
coming prostrated with yellow fever except
two men, who were unable to control the
vessel during a hurricane, and she went on
the reefs. The gallantry of the men in stick-
ing to their posts though they might have
got ashore and deserted the plague stricken
vessel, is highly praised and an effort will be
made to have the underwriters recognize it
by a substantial reward.

The Countess's Daughter.

GREELEY, Col., Oct. 14.—Maud Ogilvy,
daughter of the Countess of Airlie, and The-
odore White, of Estes Park, Col., were mar-
ried yesterday at Trinity Episcopal church.
The Countess of Airlie, Lady Griselda
Ogilvy, Hon. Lytolph Ogilvy, brother of the
bride, who gave her away, and numerous
friends were present. The couple took the
train to Denver, en route to their mountain
home, Estes Park, at the foot of Long's
Peak.

Jumped From a Moving Train.

FREMONT, O., Oct. 14.—A burglar named
McKiver, while in custody of Marshal Hun-
singer, last night, made a frightful leap from
a passenger train running forty miles an
hour. McKiver had been arrested yester-
day at Toledo, and was being brought to Fre-
mont to await trial. He told the officer he
wanted to go to the water closet, and jumped
from the window. He died while being con-
veyed to the hospital.

NEW YORK, Oct. 14.—The Sun has fulfilled
its recent promise to pay the bill of E.
Holmes & Company, of Saratoga, for em-
balming Gen. Grant's body, if no one else
would pay it. The itemized bill, amounting
to \$500, is printed in the Sun, together with
a copy of an affidavit testifying to its cor-
rectness, and received by E. Holmes.

AN EASTERN WAR CLOUD.

FRANCE HAS PREPARED A PLAN FOR
A CONTINENTAL CAMPAIGN.

A Feeling of Anxiety Spreading in All
Directions Over Europe—Turkey to Send
an Ultimatum to England—The Bulgar-
ian Elections—Other Foreign News.

PARIS, Oct. 14.—M. Camille Pelletan, in
an article in La Justice, commencing on M.
Lavedon's statement in Figaro that Gen.
Boulanger has prepared a plan for a contin-
ental campaign, says: "France does not de-
sire war, but the war cloud hanging over her
may break at any moment."

"No French general can materially affect
the situation either for peace or for war; but
if a general has activity of spirit that inspires
confidence, no good Frenchman should blame
him. Europe enjoys a truce, not peace. The
situation of France and Germany has been
created by the victory of force over violence.
Can that offspring of force, the German em-
pire, go on living except by the continued
victory of violence?"

The Sol's Berlin correspondent learns that
England is renewing her efforts to establish a
coaling station on the island of Gottland or
on a neighboring island. The correspondent
says that during the Afghan crisis negotia-
tions for the cession of Gottland to England
were on the point of being concluded, but
that they fell through owing to the energetic
opposition of Russia and Germany.

Great Uneasiness.

LONDON, Oct. 14.—The comments of the
whole European press on the eastern question
evidence increasing uneasiness. From St. Pe-
tersburg little news is received, but a feeling
of anxiety prevails. Roubles have fallen to a
lower point than was reached on the an-
nouncement of the Plevna disaster. The
Italian papers strongly urge an alliance be-
tween Italy and England. It is currently
reported at Constantinople that France,
Russia and Turkey are on the eve of coming
to an understanding, and that Turkey will
send an ultimatum to England demanding the
immediate evacuation of Egypt.

The National League.

DUBLIN, Oct. 14.—The regularly forti-
nightly meeting of the National League was
held here. The treasurer announced that the
receipts since the last meeting amounted to
\$2,000. Mr. Timothy Harrington said that
many of the landlords were making gener-
ous reductions, but still a large number of
writs of ejectment had been served. The ex-
ecutive committee, he said, would supersede
the branch leagues if they failed to aid
evicted tenants in their various districts.

The Elections in Bulgaria.

SOFIA, Oct. 14.—The elections here are
progressing smoothly. Up to the present 480
government candidates have been elected to
the Sobranje; twenty-six candidates, sym-
patizers with M. Zankoff, the chief of the
Russian party, have also been elected, and
fifteen followers of M. Karaveloff, the pro-
Russian, have been returned.

of liberty in New York harbor.

munist, has been pardoned and will soon be
released from custody.

London Notes.

LONDON, Oct. 14.—A deputation of Mor-
mons held a public meeting in St. George's
hall. All the speakers condemned the United
States government for its unjust treatment
of the Mormons. Mr. Philip Robinson pre-
sided. The speakers were several times in-
terrupted, and their statements closely ques-
tioned by people in the audience.

Mr. Gladstone is still unable to leave his
bedroom. He is suffering from fever, and
his condition is believed to be worse than is
publicly admitted.

The British troop ship, Tyne, has stranded
near the navy yard at Sheerness. All ef-
orts to float her have failed. A heavy gale
is prevailing, and she lies in a dangerous
position.

The steamer Tyne, the English troop ship,
reported ashore at Sheerness, has been float-
ed. An examination shows that she has sustained
no serious damage.

A commission has been appointed to col-
lected evidence in the Lady Colin Campbell
divorce suit pending in the next term of
court.

Suit for Malicious Prosecution.

WINCHESTER, O., Oct. 14.—In the court
of common pleas, of this county, Everett
Tucker brought suit against John Jones,

licious prosecution. The case will be heard
in this term of court.

TEFEN, O., Oct. 14.—Rev. J. A. Thrapp,

Nichols was taken with an apoplectic fit on
Saturday last, and lay in an unconscious
condition until yesterday. When he died.
He was sixty-four years of age.

A Treasurer's Shortage.

VINCENNES, Ind., Oct. 14.—The experts,
Messrs. Allen and Fleener, employed to in-
vestigate the books of defaulting Treasurer S.
S. Hollingsworth, have submitted a report to
the board of county commissioners of Knox
county. They find the shortage to be \$75,-
897. Hollingsworth has deducted a large
amount of costs from delinquent taxes col-
lected and used the money himself.

THE CHICAGO LABOR TROUBLE.

Terms Upon Which a Compromise Can Be
Effected With the Strikers.

CHICAGO, Oct. 14.—The day opened at the
stockyards with a clear horizon, so far as
any actual or prospective trouble was in-
volved. A pretty well defined feeling was
current that the men will not compromise on
any basis but that of eight hours work. Pay
for nine hours will be demanded for this, and
that is the kind of proposition that Messrs.
Butler and Barry were authorized to submit
to any representatives of the packers associa-
tion, who should be met with power to con-
sider and act for their fellows. Should this
not be accepted, it is believed that the call-
ing out of Armour's beef men will follow.
This action is intended to coerce the big
packer, who is supposed to be sensitive on
this point because of the rivalry of Morris
& Swift in the eastern dressed beef trade.

In the meantime Armour is laying in a
stock of men to take the places of the strikers.
A carload of Poles, from Milwaukee was
unloaded at his packing house last evening.
Twenty substitute butchers were at work
there yesterday, and a number at Fowler's.
The 1,200 hogs at Fowler's are being disposed
of. Messrs. Butler & Barry have a room at
the Transit house, but are not very accessi-
ble, being very busy. A brief visit to the
packing houses was paid this morning; not
of sufficient duration to involve a conference, but
probably to arrange one later. Mr. Barry
said later that some important developments
might be expected.

The President Not Indignant.

NEW YORK, Oct. 14.—The Tribune prints
the following Washington special: "There
is no truth in the statement that the pre-
sident has been made indignant by any viola-
tions of his order in relation to Federal office
holders and politics." Said Col. Lamont to a
reporter last night: "The president has got
no list of names of persons to be dismissed on
this account. He has received complaints
against office holders, but they were anonym-
ous, and have been referred to the depart-
ments under which those complained of hold
their positions."

Increasing the Pension Board.

WASHINGTON, Oct. 14.—Secretary Lamar
has appointed at an annual salary of \$2,000
six additional members of the board of pen-
sion appeals, as follows: Col. Robert F.
Hill, Mich.; Capt. James J. Judson, New York;
Capt. Patrick J. Rogers, New York;
Robert D. Graham, North Carolina; W.
Rittenhouse, District of Columbia, and
George Baber, Kentucky.

Indian Border Troubles.

WASHINGTON, Oct. 14.—The tribal troubles
between Indians on the Canadian border is
the subject of amicable correspondence be-
tween this and the British government, with
a view to enabling the authorities of either
country to prevent invasion and depredation
in the country of the other.

Two Appointments.

WASHINGTON, Oct. 14.—The president this
afternoon appointed Col. Duane to be chief
of engineers, vice Gen. Newton retired, and
Col. Wilcox to be brigadier general, vice
Gen. Potter retired.

The Brewers Still Out.

DETROIT, Mich., Oct. 14.—The lockout of
journeymen brewers continues, and there is
an incipient beer famine here.

Cleveland's Uncle's Will.

BALTIMORE, Oct. 14.—The will of the late
Joseph Neal, uncle of President Cleveland,
has been filed for probate. The document is
written in both sides of note paper in lead
pencil, and is dated in 1879. The estate is
divided into eighteen parts, thus: First, six
parts to Sarah Gere. Second, six parts to
his sister, Ann Cleveland, widow, (President
Cleveland's mother) or her children, if any
survive, thus making President Cleveland
one of the heirs. The remainder of the estate
goes to other relatives of the deceased. The
estate is not large.

A Very Good Man Gone Very Wrong.

WESTBURY, L. I., Oct. 14.—Joseph R.
Hunting, lawyer, justice of the peace, Sun-
day-school superintendent and leader in good
works generally, and possessor of the confi-
dence of the entire community, appears to
have gone wrong. Some time ago Frederick
Willets, a New York broker, placed in
Hunting's hands for safe-keeping about
\$100,000 worth of negotiable securities. Wil-
lets now claims that Hunting proved false
to his trust and hypothecated \$40,000 worth
of the paper, getting \$31,000 which he used in
speculation.

Mortally Wounded.

CHATTANOOGA, Tenn., Oct. 14.—While
Chief Jewett, of Dayton, Tenn., was endea-
voring to arrest a desperate negro named Joe
Underwood he summoned Maj. Reed to his
aid. The latter burst into a room where the
latter had taken refuge, when Underwood
drew a pistol to shoot, but the major quickly
levelled his weapon and fired a charge of
shot into the negro's breast, inflicting a fatal
wound.

A Missing Steamer.

SAN FRANCISCO, Oct. 14.—News from the
steamer Bear, sent by the government to
search for the lost whaler Amethyst, state
that she found no trace of the whaler, though
the search was carried as far north as Point
Barrow. Reports from the miners concern-
ing the new gold diggings on the Yukon
river are not very encouraging. The Galena
deposit on Galvin bay is to be abandoned.

Asking a Judge to Resign.

CANTON, Tex., Oct. 14.—Eight hundred
prominent citizens of the Seventh district,
have signed a petition asking Judge McCord
to resign, owing to his leniency in fixing a
low bail for murderers.

George W. Childs' Niece Married.

Carter, of Newark, and Miss May Peterson,
niece of Hon. G. W. Childs, were married at
Byrn-Mawr yesterday. Many distinguished
people were present.

A Colored Woman Who Must Hang.

RALEIGH, N. C., Oct. 14.—Governor Scales
has refused to grant a commutation of sen-
tence of
